

Benefits of Beacon

Our programs offer many advantages over alternative financing methods. Consider the following factors when deciding between cash, lease, or loan.

Liquidity The #1 reason small businesses fail is due to lack of liquidity. Maintaining ample cash balances in your checking account should be a top priority for a company of any size. Beacon allows you to conserve your cash for times when you need it most.

Convenience Simply complete our one-page Business Credit Application, return it to us with your equipment quote, and we'll respond promptly.

Quick Turnaround Upon receipt of your credit application and equipment quote, you can expect a response from Beacon within 24-48 hours.

100% Financing Beacon can provide 100% financing, allowing you to acquire the equipment you need without a major cash outlay.

Fixed Payment Avoid the rising cost of money and lock in a low monthly payment.

Tax Advantages Beacon's programs offer tax advantages not available if purchasing with cash or a traditional bank loan. IRS Section 179 may allow businesses to write-off thousands of dollars in financed equipment.

Start-Up Financing Often times, traditional lenders may not consider a business for financing if it has less than two full years of operations. If you are a new business owner, Beacon may be your best, most competitive option for acquiring your new equipment.

Establish Credit By establishing your credit with Beacon, it will be easier to acquire your next piece of equipment.

Conserve Bank Lines Save bank borrowing options to support ongoing cash flow needs.

Avoid Capital Budget Restrictions Beacon's programs are the perfect tool to acquire equipment today without being subject to this year's capital budget restrictions.

Off Balance Sheet Financing An operating lease allows you to acquire new equipment without further leveraging your company's balance sheet.

How to Apply

- Obtain a quote for your chosen equipment.
