

Position Description: *Sales/Property Tax Specialist*

Beacon Funding Corporation Our Company

Beacon is a leading company in providing equipment leasing services to businesses throughout the United States. Founded in 1990, Beacon has established itself as a premier, full-service provider of leasing solutions to all types of businesses, new and established, throughout a wide range of industries. Headquartered in Northbrook, Illinois, Beacon has offices throughout the United States and our nationwide sales and support team is close and accessible to its wide-ranging networks of equipment vendor partners and business client base.

Our Focus

More than ever before, equipment manufacturers are faced with intense competitive and economic pressures. They are looking to get their product to market quickly and at lower costs while maintaining the high level of quality that their clients have come to expect. Equipment payment options need to be flexible, innovative and competitive in order to allow a wide range of companies the ability to acquire the more expensive technology they need to grow and prosper.

As a result, today's equipment manufacturers are embracing "specialty" vendor leasing partners such as Beacon. They are moving away from bank-type general lenders typically unable to accommodate the specific borrowing needs of many niche markets. Beacon has long been a nationwide leader in providing flexible and creative leasing solutions to the wide variety of niche markets in which it conducts business.

Sales/Property Tax Specialist The Position

Beacon Funding is looking for someone who demonstrates problem solving, analytical and both written and verbal communication skills. Also, becoming a leader is also required for this position. The Specialist will work with management to keep them up on current sales and property tax legislation and inform them of key changes.

Job Responsibilities: Daily job responsibilities include:

- Knowing and understanding the reason behind the Company's policies and procedures
- Developing an understanding of the lease accounting process and the technology tools utilized to manage the lease portfolio
- Staying abreast of current sales and property tax legislation
- Keeping Company procedure manuals up to date and Management informed of key changes
- Working with Management on sales and property tax issues
- Being responsible for preparation and reviewing sales and personal property tax returns
- Supervising various sales and property tax operations to ensure compliance with all state and local tax laws
- Training and supervising subordinates
- Demonstrating good problem solving, strong analytical skills, and strong written and verbal communication skills

Job Requirements: Beacon Funding is looking for individuals who meet the following requirements:

- Bachelor's degree in accounting/finance from four-year college or university
- 3 years sales tax, property tax or related experience
