

SALES/PROPERTY TAX SPECIALIST

Position Description

The Tax Specialist must be a leader who will work with management to keep them up on current sales and property tax legislation and inform them of key changes. The candidate must demonstrate problem solving, analytical, and both written and verbal communication skills.

Company

For the past 20 years, Beacon Funding Corporation has been providing equipment financing solutions to all types of organizations, new and established, throughout a variety of industries in the United States and Canada. Headquartered in Northbrook, Illinois, Beacon's nationwide sales and support team is close and accessible to its network of equipment vendor partners and business client base.

Our Focus Equipment manufacturers are faced with intense economic pressures. Equipment payment options need to be flexible, innovative, and competitive to allow companies to acquire the technology they need to grow and prosper. As a result, today's equipment manufacturers partner with financing companies like Beacon.

Job Responsibilities

- Knowing and understanding reasoning behind policies and procedures
- Developing an understanding of the lease accounting process and the technology tools utilized to manage the lease portfolio
- Staying abreast of current sales and property tax legislation
- Keeping procedure manuals up to date and Management informed of key changes
- Working with Management on sales and property tax issues
- Preparing and reviewing sales and personal property tax returns
- Supervising various sales and property tax operations to ensure compliance with all state and local tax laws
- Training and supervising subordinates
- Demonstrating good problem solving, strong analytical skills, and strong written and verbal communication skills

Job Requirements

- Bachelor's degree in accounting/finance from four-year college or university
- 3 or more years sales tax, property tax or related experience
