

Lebleu's Towing Acquires Seven Trucks through Agero Truck Financing Perks Program Offered by Beacon Funding

Northbrook, IL, February 9, 2016 — As part of Beacon Funding's Agero Truck Financing Perks Program, Lebleu's Towing in Kannapolis, North Carolina, is being recognized for utilizing truck financing to advance its business growth.

Agero Truck Financing Perks is a program provided by Beacon Funding and Agero that helps Agero Providers use Agero payments to pay off trucks (via DirectPay) and get perks like Visa Prepaid cards when financing trucks through any of Beacon Funding's beneficial equipment financing programs.

Lebleu's Towing, a repeat client of Beacon Funding's Agero Truck Financing Perks program, has already acquired seven tow trucks through the course of the relationship. Back in 2006, the company had one truck and two employees doing 300 tows a month. They now have nine trucks and nine employees doing 1,000 tows a month.

In August 2015, Agero set up Lebleu's in new territory areas spreading them out to Charlotte — 20 miles away from the business. Business was growing rapidly, so owner Jeremy Lebleu enlarged his fleet further to cater to the bigger reach and get more business. He credits his business' success to offering cheaper prices, emphasizing customer service, and gaining more trucks.

"Now we have better equipment. We don't have to worry about breaking down as much or maintenance. We're able to keep [the trucks] on the road," Lebleu says.

To showcase this rapid expansion, Lebleu's Towing agreed to participate in Beacon Funding's Success Spotlight Program. In more than two decades, Beacon Funding has worked with many clients that have not only used equipment financing to their advantage, but also have utilized it as a business practice to improve volume and increase market reach. The Success Spotlight Program highlights these businesses in order to share best practices and provide real-life examples of how equipment financing can foster business growth.

Beacon Funding features participants of the Success Spotlight Program on its website and through a variety of marketing and public relations efforts.
