

HOW WILL YOUR START-UP GET FINANCING?

Start-up Financing with Beacon Breakdown

We can help!

Each year, Beacon helps hundreds of start-ups and young businesses begin to establish their business credit.

START-UPS & SMALL BUSINESSES

Our strong understanding of the niche markets we serve allows us to provide competitive equipment financing.

And More! Check out www.beaconfunding.com, or call a consultant, to get the equipment you need.

WE APPROVE START-UPS

Even when traditional bank loans aren't available.

Don't believe me? Check out the numbers!

OVERALL APPROVALS FOR START-UPS

70%

\$30 MILLION FINANCED

APPROVALS IN 2015 ALONE

60%

\$6 MILLION FINANCED

So, how do you qualify for financing? We look beyond business age...

6 factors we examine

Personal Credit

Your personal pay history is a good indicator of your business' pay practices. With a 70% rate of approval, Beacon can give you competitive financing options.

Corporate Pay History

With a short time in business, it's still important for lenders to see if you pay your businesses' bills consistently. Providing bank and trade references helps us out, too.

Cash Flow

Your cash flow is the strongest indicator of your business' success. You will be rewarded an affordable monthly payment the more consistent your cash flow and profitability.

Value of Equipment

Beacon cares about more than age - we finance new and used equipment. Our vast knowledge is a big advantage in credit approval and your options.

Transaction Size

Each lender has a comfort zone of transaction sizes. If you request too much credit, then they get nervous. If you request too little, then they lose interest. Beacon looks at all aspects of the lease, not just the cost of the equipment.

Financial Performance

Beacon rewards businesses with strong financial performance by providing them industry-leading equipment financing options. We finance challenged credit, too, so you can start gaining more profit!

As a startup, you need to make good decisions in a short period of time. To learn more on how Beacon can help to start-up, visit www.beaconfunding.com
